

**Brand:** Ranger  
**Model:** RCD-1V  
**Description:** Vehicle Dolly

### Convenient Mobile Vehicle Dolly System

This dolly system is a mobile vehicle stand that conveniently frees your work bay and your hands. A safer and cost efficient alternative to floor jacks, the RCD-1V vehicle dolly will increase productivity without breaking your budget. Its sturdy ball bearing swivel casters allow you to place a disassembled drive train, chassis or body anywhere in the shop while it awaits parts. Tires on or off, the RCD-1V easily adapts to most makes and models. Height and width adjustable.

### Features

- Ideal for moving dismantled vehicles.
- Includes saddles for easy alignment.
- Use as single unit or in pairs.
