

TWICE THE AIR WITH HALF THE NOISE

Sure, the LS15RS produces over TWICE the CFM of conventional, reciprocating piston compressors, but it's not going to shout about it.

HIGH CFM

LOW NOISE

LOW COSTS

HUSH/quiet™

THE POWER OF THE SCREW

LS15RS

Rotary-Screw
Air Compressor

Our rotary-screw air compressor operates on one simple concept: doubling your CFM doesn't mean you have to suffer twice the noise.

The LS15RS is engineered for high performance, efficiency, reliability, revered silence and to meet the excessive demands of high-volume automotive shops and dealerships like yours.

CONTACT OUR EXPERTS TO FIND OUT HOW THE SCREW CAN HELP YOU.

Your business is our business.
