World-Class Power, Simple Design Pit-Style Low-Rise Lift

The 9,000-lb. capacity P-9000 is a heavier-duty version of the P-6. We increased the lift capacity by 30% while maintaining all the features you love: dual-approach design, open-center access and a hands-free safety check. This is the industry's ultimate pit lift, perfect for quick-lube shops, full auto centers and home garages. Minimal footprint and full access to the wheels and undercarriage. Ramps attach and detach quickly to convert a flush-mount unit to a floor unit.

Features

- Easily convert fast-lube pits into wheel service work bays
- Mounts outside the pit rail without interfering with center work area
- Model P-9000F flush-mount model provides recessed drive-over option
- Heavy duty 1.5 HP electric-hydraulic power unit
- Electronic push-button controls allow smooth, single-hand operation
- Automatic multi-position safety locks with air release deliver safe, remote operation
- Durable rubber-topped pad surface and rubber lift blocks provide quick set-up
