Upright 9-Gallon Oil Drain Providing Years of Use

Ranger [oil drains](#) are by far the best solution to the common problem of waste fluids. The lightweight 9-gallon RD-9G features a wide-bodied design to eliminate tipping and ensure proper balance, whether the unit is in use or maneuvering around the garage on its ball bearing casters. Constructed of high-quality translucent polyethylene for strength, durability and easy oil-level viewing. All Ranger oil drains resist rust, dents, automotive fluids and other corrosive chemicals.

Features

- Lightweight for easy portability
- Safe and easy to use
- Wide body
- Tough construction will resist dents, rust and corrosion
- Heavy-duty stainless steel clamp
- Non-corrosive telescoping tube
- Easy-pour oil spout for simple evacuation
- Built-in hand grips
- 4 swivel, ball bearing casters
- Translucent polyethylene tank for easy view of fluid level
- Rugged funnel with built-in contamination screen
