Combination Workbench, Teardown Table and Storage

When you need a sturdy combination workstation, look no further than Ranger. Heavy-duty casters easily support the rated 500-lb. capacity, and with two locking and two swivel casters, there's no fear of your [workbench](#) sliding around as you work. The casters are ultra-high-quality, so there's no "squeaky wheel" syndrome or deviating rolling patterns. Your cart moves straight and around corners with ease, because it pushes in the direction you want it to every time.

Features

- Glossy, red finish
- Lockable heavy-duty drawer
- 500-lb. working capacity
- Heavy-duty 4" casters - 2 swivel & 2 locking swivel
- Electrostatic oven-baked powder coat
- Adjustable working height
- Removable polyethylene fluid drain for easy clean up
- 14 gauge table top
- 3/4" liquid containing rim
