High Jack Stand for Raised Vehicles

The MLS-18 Mobile Jack Stand is a support stand used to support raised, heavy-duty vehicles for maintenance and inspection procedures while typically on a [two-post lift](#). Two 3" diameter wheels make the MLS-18 mobile so you can position it easily under the manufacturer's recommended lifting points.

Features

- 18,000-lb. capacity
- Tripod design evenly distributes weight under load
- Each leg is equipped with an 11 sq. in. floor pad
- Can be easily moved and placed under a vehicle by means of two 3" diameter wheels
- Equipped with a foldaway transport handle
- Center tube is spring-assisted to facilitate adjustment of the stand
- Adjustable from 48.75" to 74.5"
- 9 pin positions
- 1" diameter self-locking ACME screw for fine adjustment of the stand height
