

BendPak Technical Service Bulletin

PL-12000 – Label Placement

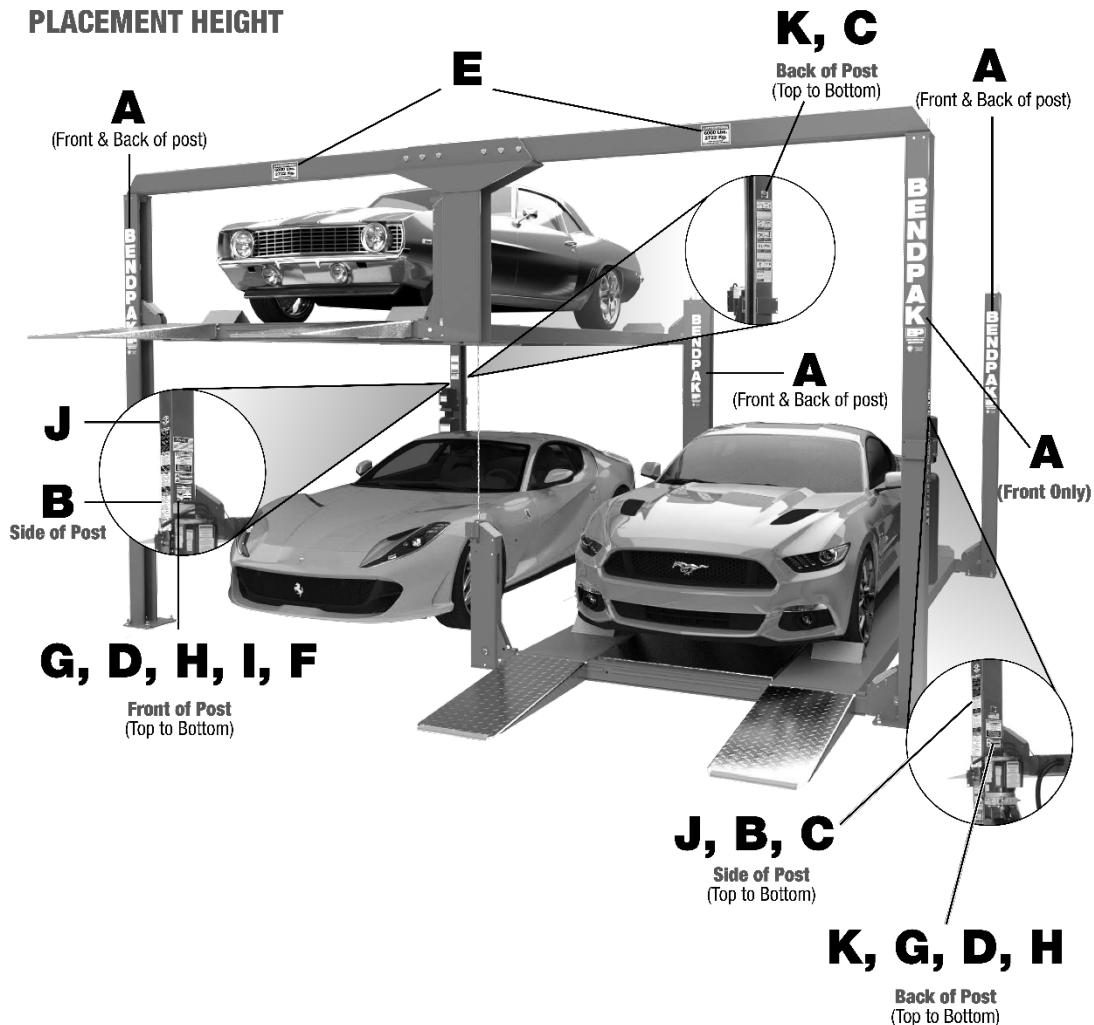

BendPak TSB 108-012023

The purpose of this Technical Service Bulletin is to provide guidance in the preparation and application of warning and operation labels on the PL-12000 series Parking Lift. The warning and operation labels accompanying this TSB must be applied to the Lift as detailed in the following procedure.

To apply the labels on the PL-12000:

1. Clean the Lift surface of any residual oil or debris. A mild solution of soap and water may be used with a clean rag. Allow the cleaned area to dry completely prior to applying the labels.
2. Apply the labels in the Lift locations as detailed in the figures below.
